Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

Allowable Subject Matter

Claims 1-19 and 24-26 are allowed. The following is a statement of reasons for the indication of allowable subject matter:

As per claims 1,3,9,17,25 and 26, the prior art of record neither singularly nor in combination teaches the added limitation: “wherein each test element defines instructions for only a partial device testing task such that the multiple test elements together form a complete device testing task for testing the device” and “a first test element which defines instructions directing the processor to perform a first test operation that provides a first test result; and a second test element which defines a second set of instructions directing the processor to perform a second test operations that provides a second result based on the first result.” Therefore, claims 1,3,9,17,25 and 26 are allowable over the prior art of record.

As per claims 2,4-8,10-16,18,19 and 24:

Claims 2,4-8,10-16,18,19 and 24 further limit allowable claims 1,3,9,17,25 and 26. Thus, claims 2,4-8,10-16,18,19 and 24 are also allowable over the prior art of record

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
